

The Ellensburg School District strives to provide our children with tools necessary to have a head start on the road to success.

The **Ellensburg School District Education Foundation** supports this goal providing additional funding and resources. To raise funds for the foundation we sell engraved tiles to be installed on a Legacy Wall in the commons area of the high school.

Your name, personal or business information can be engraved on one or more tiles on the Legacy Wall. Tiles make great gifts for birthdays, holidays, graduation, Mother's Day and Father's Day, as well as honorariums and memorials.

Each 6" x 6" tile accommodates three lines of text with up to sixteen characters per line. Standard tiles with up to three lines of text are \$100 each. Custom tiles with symbols, signatures, and other special treatments are available at an additional cost. For customization, please contact Patti Gylling (509)857-2272.

Visit our website for other opportunities www.esdef.net

Please complete this order form:

Name _____

Day Phone _____

Eve. Phone _____

Address _____

City/State/Zip _____

Enclosed is my check for \$ _____

(Standard tile \$100)

The Ellensburg School District Education Foundation Provides:

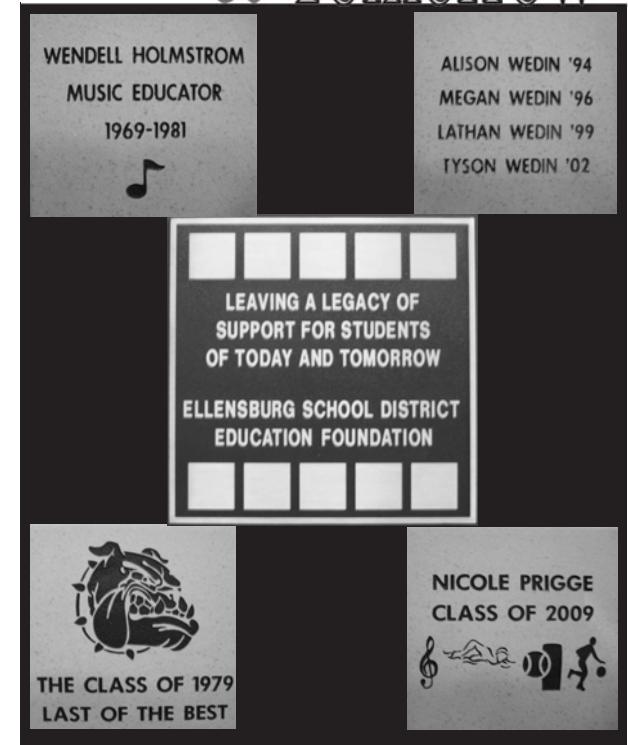

- A tax-deductible way for individuals, groups, and businesses to enhance public school programs, projects, and scholarship funds.
- A way for individuals and organizations to sponsor projects they believe are particularly worthwhile.
- A way for community members to develop closer relationships with the schools, in order to help assess needs and set priorities.
- A way to access money from national foundations that grant only to other foundations.
- A way to encourage the business community to be more involved in our schools.
- A way to evaluate new ideas and learn from the experience.
- A way to help prepare our children for the challenges of the 21st century.

Ellensburg School District Education Foundation seeks to accomplish its goals by enlisting all sectors of society. Partnerships between the business and education communities are an integral part of this effort, as are close bonds with service clubs, religious and fraternal organizations, government agencies, social and health service providers and citizens of all ages.
